

## Poo-Poo Project Partners

Updated: 8.11.22

In 2010, Teton Raptor Center (TRC), a nonprofit raptor education, research and rehabilitation organization located in Jackson Hole, Wyoming, initiated a community-driven project to install 100 'rock' screens (\$100/screen from the manufacturer) to protect cavity-nesting birds from becoming entrapped in vault toilets throughout Grand Teton National Park, and Shoshone, Bridger-Teton and Caribou-Targhee National Forests. In 2013, TRC's Poo-Poo (Port-O-Potty Owl) Project developed its own screen to prevent wildlife entrapment on a national scale. Poo-Poo Screens are durable, easy to install, affordable (\$34.50), and they effectively prevent accidental wildlife entrapment without compromising vault toilet ventilation. **TRC has distributed 18,654 Poo-Poo Screens to 654 partners throughout all 50 states, the Virgin Islands, and Canada.** TRC was awarded the "Wings Across the Americas Award for Habitat and Partnership" from the USDA Forest Service in recognition of the conservation impact and partnership of the Poo-poo Project. For more information contact Teton Raptor Center at (307) 203-2551 or at [raptors@tetonraptorcenter.org](mailto:raptors@tetonraptorcenter.org).

### CANADA – Poo-Poo Project goes INTERNATIONAL (4)

- On January 2, 2018, Teton Raptor Center kicked off the year by sending our first Poo-Poo Screens to British Columbia Parks, which will be installed at Charlie Lake Provincial Park in CANADA! GO POO-POO! British Columbia Parks, Charlie Lake Provincial Park
- Two Poo-Poo Screens were sent to Frisby Ridge and Keystone Standard Basin Trailheads that are managed through Recreation Sites and Trails British Columbia, Ministry of Forests, Lands Natural Resource Operation and Rural Development, Government of British Columbia
- In 2019, a screen was sent to Ennadai Woodworks, a custom furniture and structure company, located in British Columbia
- In 2020, we sent 2 screens to Dawson Wallace Construction in Alberta, Canada!
